

Washing Machine

WASHING-MACHINE

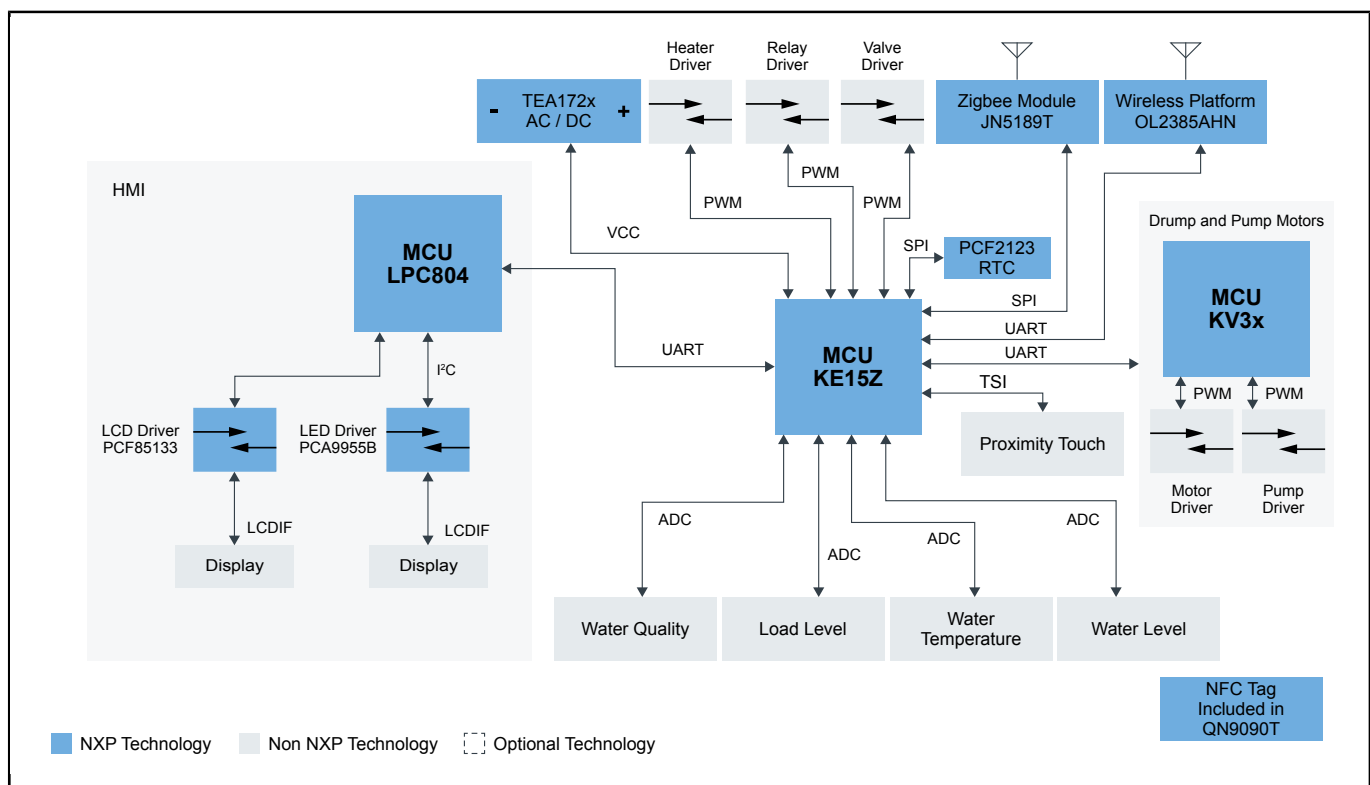

Last Updated: Oct 5, 2023

Modern home appliances use electronics to provide the host of new features consumers expect. NXP microcontrollers and sensors keep up with the demand for constant improvements in reliability, cost, and energy efficiency. NXP helps to simplify consumers' lives with sensor and MCU technology for home appliances including electric/gas cooking, dishwashers, refrigerators/freezers, washers, dryers and room air conditioners.
