

# **88W8987 (Automotive): 2.4/5 GHz Dual-Band 1x1 Wi-Fi® 5 (802.11ac) + Bluetooth® 5.2 Solution**

## **88W8987A**

Last Updated: Feb 17, 2026

The 88W8987 automotive wireless SoC is a highly integrated IEEE 802.11ac (wave2) transceiver and Bluetooth 5.2 single-chip foot print compatible combo solution, specifically designed to support the speed, reliability and quality requirements for automotive applications. Further, this device meets the challenges of high-temp environments by being AEC-Q100 Grade 3 (-40°C to 85°C) qualified. The device includes integrated front end resulting in low external component cost.
