

# IMX-MIPI-HDMI Adaptor Card

## IMX-MIPI-HDMI

Last Updated: Dec 23, 2025

The IMX-MIPI-HDMI is a MIPI-DSI to HDMI adaptor card, which receives 4-lane MIPI-DSI input from a MINI-SAS connector and converts it to HDMI signals and output to a standard type-A HDMI connector. It can be connected to any mother board with a MIPI-DSI MINI-SAS connector to conveniently validate MIPI-DSI function with a common HDMI display panel.
