XA 16-Bit Microcontroller Family

PXAS30KFA

Last Updated: Mar 8, 2023

The XA-S3 device is a member of NXP® Semiconductors' XA (eXtended Architecture) family of high performance 16#bit single#chip microcontrollers.

The XA-S3 device combines many powerful peripherals on one chip. With its high performance A/D converter, timers/counters, watchdog, Programmable Counter Array (PCA), I²C interface, dual UARTs, and multiple general purpose I/O ports, it is suited for general multipurpose high performance embedded control functions.
