

8-bit with LCD Driver LH MCUs

S08LH

Last Updated: Jul 31, 2023

Our [S08](#) ultra-low-power MCU features a LCD driver and increased analog-to-digital converter (ADC) accuracy for medical and metering applications. The MC9S08LH family, with up to 64 KB flash, helps you reach target performance levels while minimizing power consumption in your design, demonstrating extreme energy efficiency for ultra-long operation in battery-powered applications.
