

# S12ZVM 3-Phase Electrical Water Pump (EWP) Reference Design

## S12ZVM-EWP-PMSM

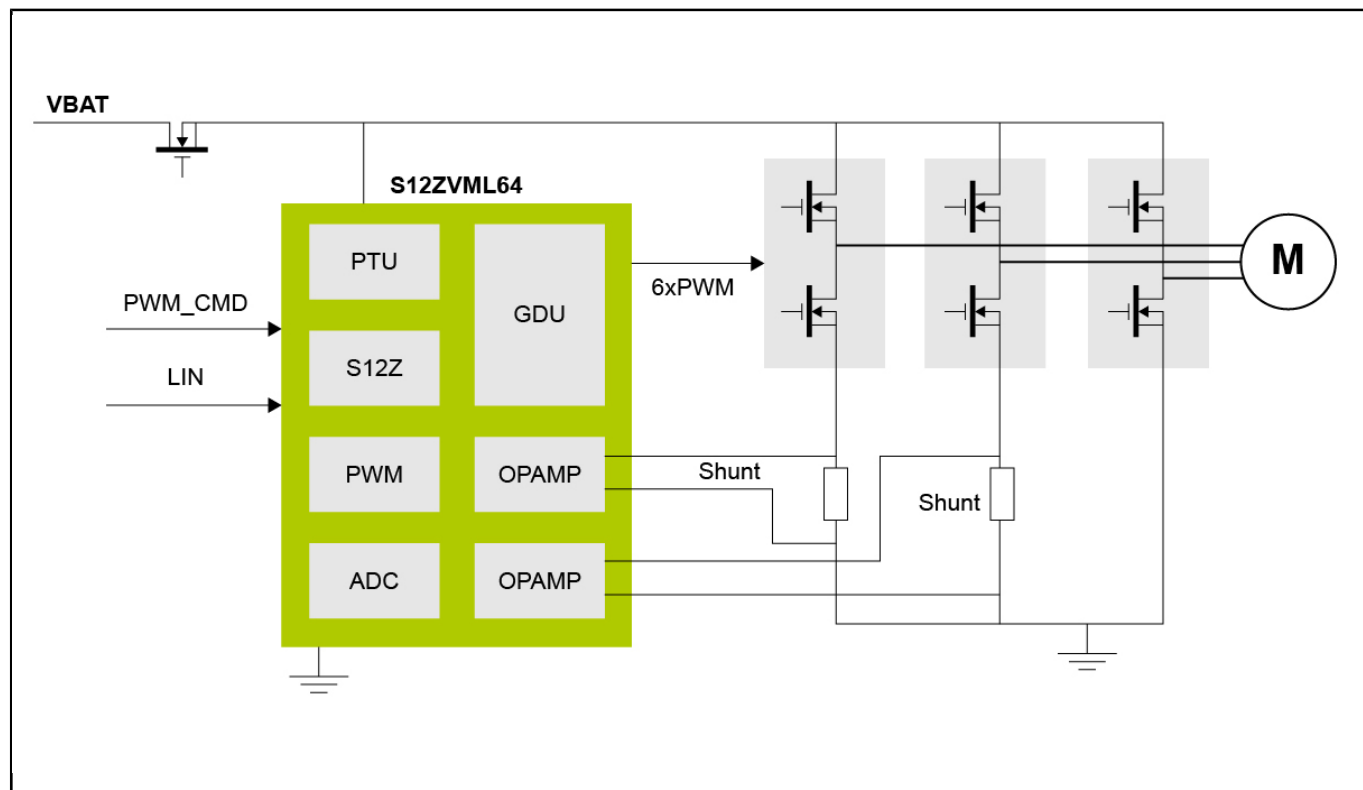

Last Updated: Jul 23, 2024

The S12ZVM-EWP is a reference design board engineered for 3-phase permanent magnet synchronous motor (PMSM) water pump with sensorless FOC dual shunt control applications.

Based on the 16-bit S12 MagniV® S12ZVM mixed-signal microcontrollers, the S12ZVM-EWP provides A-sample PMSM electrical water pump ECU hardware and software to accelerate water pump product development and production.
