5/2004

Mask Set Errata for
MC68HC908GT8,
Mask 0L61G

Introduction

This mask set errata applies to this MC68HC908GT8 MCU mask set:

- 0L61G

MCU Device Mask Set Identification

The mask set is identified by a 5-character code consisting of a version number, a letter, two numerical digits, and a letter, for example 0L61G. All standard devices are marked with a mask set number and a date code.

MCU Device Date Codes

Device markings indicate the week of manufacture and the mask set used. The date is coded as four numerical digits where the first two digits indicate the year and the last two digits indicate the work week. For instance, the date code "0401" indicates the first week of the year 2004.

MCU Device Part Number Prefixes

Some MCU samples and devices are marked with an SC, PC, or XC prefix. An SC prefix denotes special/custom device. A PC prefix indicates a prototype device which has undergone basic testing only. An XC prefix denotes that the device is tested but is not fully characterized or qualified over the full range of normal manufacturing process variations. After full characterization and qualification, devices will be marked with the MC or SC prefix.

ADC V_{REFH} and V_{REFL}

SE77-ADC_VREF

The V_{REFH} and V_{REFL} pins cannot be used with an external precision voltage reference as stated in the electrical specifications. V_{REFH} is connected to V_{DDA} through a diode, and V_{REFL} is connected to V_{SSA} through a diode. As a result of these connections, the following is required:

- V_{REFH} must be connected to the same potential as V_{DDA} .
 - V_{REFL} must be connected to the same potential as V_{SSA} .

HOW TO REACH US:**USA/EUROPE/LOCATIONS NOT LISTED:**

Motorola Literature Distribution;
P.O. Box 5405, Denver, Colorado 80217
1-303-675-2140 or 1-800-441-2447

JAPAN:

Motorola Japan Ltd.; SPS, Technical Information Center,
3-20-1, Minami-Azabu Minato-ku, Tokyo 106-8573 Japan
81-3-3440-3569

ASIA/PACIFIC:

Motorola Semiconductors H.K. Ltd.;
Silicon Harbour Centre, 2 Dai King Street,
Tai Po Industrial Estate, Tai Po, N.T., Hong Kong
852-26668334

TECHNICAL INFORMATION CENTER:

1-800-521-6274
