Clinical quality and efficiency standards

Specialists in the Aexcel® network

Aexcel specialists are doctors who meet standards for both clinical quality and efficiency. To be included in the Aexcel network, these high-performing doctors and doctor groups must meet all or some of the following criteria.

They must:

- Show lower complication rates for their patients during hospital stays
- Use treatments shown to help improve outcomes
- Get recognition in health care quality and safety, from medical societies and health care quality industry groups
- Retain their medical board certification by taking part in activities made available through medical and specialty boards
- Use technology to make their delivery of health care services more efficient

No referrals, lower costs

Plus, with these doctors, you can usually avoid referrals. Check your ID card to make sure. You may also be able to lower the costs you pay out of pocket.

How to find an Aexcel-designated doctor

Once you’ve enrolled, log in to your secure member website at www.aetna.com. Select “Find a Doctor, Pharmacy or Facility” and search for the type of specialist you are looking for. Aexcel-designated doctors have a blue star ★ next to their name.

Want to see what standards a doctor has met to earn Aexcel designation? Click on the doctor’s name and then select the “Clinical Quality & Efficiency” tab.

How to use the Aexcel network for lower out-of-pocket costs

You might have to use Aexcel-designated doctors to pay the least out of pocket. It depends on your health insurance plan.

For some plans with an Aexcel network, health care received from non-designated specialists may be paid at the out-of-network benefits level. Even if the non-designated specialist is in the broader Aetna network. And in some cases, the care from non-designated specialists might not be covered at all.

In other health plans with an Aexcel network, you may be allowed to visit non-designated specialists. But your out-of-pocket costs will be higher than if you saw an Aexcel-designated doctor in that same specialty.

See your health plan documents for more information.

Check your doctor’s status

Sometimes, a doctor’s Aexcel status can change during your treatment. We look at a doctor’s performance every two years. Check your doctor’s status before making an appointment.

NCQA (National Committee for Quality Assurance) background and why it’s important

NCQA is an independent non-profit group. It accredits and evaluates many health care organizations and recognizes doctors in key clinical areas. Its mission is to improve the quality of health care.

NCQA serves as an independent examiner for Aetna, reviewing how the Aexcel program meets criteria required by the state of New York and national principles of the Patient Charter established by the Consumer-Purchaser Disclosure Project.

If you want to register a complaint with Aetna about Aexcel and/or doctor measurement activities, either:

• Call Member Services using the phone number on your member ID card.
• Or send a request in writing to the Appeals Resolution Team address shown on your Explanation of Benefits (also called an EOB), or use the Member Complaint and Appeal form at www.aetna.com.

If you live in the state of New York, you can also register your complaint with NCQA. Send it in writing to customersupport@ncqa.org or to NCQA Customer Support, 1100 13th Street, NW, Suite 1000, Washington, DC 20005.
