About NFC Forum Certification Program

The NFC Forum Certification Program confirms that the device, tag or reader is compliant with NFC Forum specifications. Conformance to the specifications provides consistency of behavior across NFC implementations and sets the foundation for interoperability.

For the first time, manufacturers can test and verify the performance of all key components of the NFC eco-system: handsets, NFC tags, and readers with NFC Forum Certification testing.

Key FACTS:
- NXP co-invented NFC
- NXP has the broadest portfolio of NFC tags, reader ICs and support tools www.nxp.com/NFC
- NXP has been the first vendor to receive certification for its NFC tag ICs

NTAG® 210µ

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag device
Date certified:	2017-09-22
Certification ID:	58510

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

NTAG® 213

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag device
Date certified:	2017-09-22
Certification ID:	58511

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

NTAG® 213 Tag Tamper

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag device
Date certified:	2017-09-22
Certification ID:	58512

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

NTAG® 215

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag device
Date certified:	2017-09-25
Certification ID:	58521

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

NTAG® 216

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag device
Date certified:	2017-09-25
Certification ID:	58522

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

NFC for Tags & Labels

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

NTAG® 413 DNA

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag device
Date certified:	2017-09-22
Certification ID:	58515

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

NFC Forum Type 4 Tag

This is to certify that

NXP Semiconductors

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

ICODE® SLIX 2
R0799

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class:	NFC Tag Device
Tag type:	Type 5 Tag
Date certified:	2017-09-22
Certification ID:	58517

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/

The NFC Forum Certification Program is operated by the NFC Forum.

This is to certify that

NXP Semiconductors

NHS3100

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class: NFC Tag device
Date certified: 2017-09-22
Certification ID: 58516

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/
The NFC Forum Certification Program is operated by the NFC Forum.

NFC Forum Type 2 Tag

This is to certify that

NXP Semiconductors

NHS3152

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class: NFC Tag device
Date certified: 2017-09-25
Certification ID: 58524

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum. The NFC Certification Mark may be used only in relation to products that have been certified under this program and only after the company has entered into the license agreement with the NFC Forum. The register of NFC Forum Certified products may be viewed at http://nfc-forum.org/our-work/compliance/certification-program/certification-register/
The NFC Forum Certification Program is operated by the NFC Forum.

NFC Forum Type 2 Tag

This is to certify that

NXP Semiconductors

NHS3153

has successfully achieved certification in the NFC Forum Certification Program indicating that their product has demonstrated its conformance to the Applicable Certification Requirements listed below.

Certification Requirements:
Certification Release 11
Test Release 11.0

Device Class: NFC Tag device
Date certified: 2017-09-25
Certification ID: 58525

TM: The NFC Certification Mark is a worldwide trademark or registered trademark of the NFC Forum.
