Brighter Together
Corporate Overview

Together, we pioneer solutions.

We anticipate ‘tomorrows’ needs—navigating a changing world by bringing together technology’s brightest minds to build game-changing solutions that propel us forward.

NXP Semiconductors N.V. (NASDAQ: NXPI) is the trusted partner for innovative solutions in the automotive, industrial & IoT, mobile, and communications infrastructure markets. NXP’s “Brighter Together” approach combines leading-edge technology with pioneering people to develop system solutions that make the connected world better, safer, and more secure. The company has operations in more than 30 countries and posted revenue of $13.28 billion in 2023. Find out more at www.nxp.com.
A smarter world starts with NXP

We design purpose-built, rigorously tested technologies that enable devices to sense, think, connect and act intelligently to improve people’s daily lives.
NXP Semiconductors N.V. (NXP) is a public Dutch company with headquarters in Eindhoven, Netherlands, and locations throughout the globe.

NXP has over 34,200 dedicated team members united by a passion to build solutions—not just products—that enhance the capabilities of people, organizations and society at large.

Corporate Overview

A position of strength to better serve our 26,000+ customers

60+ year history of experience and expertise

9,500 patent families

34,200+ talented team

~12,000 R&D members

Present in 30+ countries

$13.28B annual revenue

1Posted revenue for 2022 - Please refer to the Financial Information page of the Investor Relations section of our website at www.nxp.com/investor for additional information.
A smarter world will be more sustainable

As our digitally-enhanced world is evolving to anticipate and automate people’s needs, NXP strives to engage, protect and respect our relationship with the world.

Our sustainability goals
## NXP ESG mission

Enabling a smarter, safer, more secure and sustainable world through innovation

<table>

### Environmental
- Assessed and reported on all **Scope 3** emission categories
- 51% Water recycled
- 24% Decrease in absolute scope 1 and 2 emissions since 2021 baseline
- 39% Renewable electricity use
- 86% of waste recycled
- Published our first **biodiversity** policy

### Social
- 20% Women in R&D positions
- 70% of team members are viewed as highly engaged
- Improved global employee voluntary turnover to an all-time low
- Conducted **unconscious bias** training for people managers
- Maintained a low total case incident rate of 0.10

### Governance and economic impact
- Certified as a **Great Place to Work** in China, India, Mexico and the US
- 100% Certified conflict-free 3TG Smelters
- 100% of suppliers signed the supplier code of conduct statement
- Reviewed and updated the NXP human rights **due diligence** system
- Published a standalone **Anti-Bribery** and **Anti-Corruption Policy**

Our Operations

NXP global operations

Total quality
Provide the right products, delivered on time, fulfilling the highest quality standards – up to automotive levels – with a zero-defect mindset

Flexibility
Secure cost-competitive capacity through a flexible industrial footprint

Capability and talent
Drive a high performance organization and people capability
NXP Front-end manufacturing and assembly and test sites

Corporate Overview

Our target markets

A smarter world starts with NXP

Automotive
Solutions to complex autonomy, connectivity and electrification challenges for today’s safe and secure vehicles.

Industrial & IoT
Simplified machine learning solutions that automate better decision-making at the device level for industry 4.0 applications.

Mobile
Solutions for connected lifestyles that allow data to move more freely, transact more safely and connect more easily.

Communication Infrastructure
5G-connected, edge computing technologies that support scalable communication networks.
Automotive

Solutions for safe and secure mobility

Solution portfolio
Comprehensive system solutions for fast time-to-market and scalability
Leader in auto microprocessors, ADAS, radar, secure car access, infotainment and in-vehicle networking

Innovation power beyond vehicles
High-performance processing, security and mobile ecosystem capabilities

Automotive safety and reliability
Zero-defects methodology
Leading with functional safety and security
Industrial & IoT

Innovating edge to cloud

Broad, scalable portfolio
Ultra-low-power and high-performance processors
High-performance crossover processors
Low-power secure and connected MCUs
Leader in connectivity - UWB, Wi-Fi, NFC, RFID and Bluetooth

Common software
Large partner ecosystem

Deep applications insights
From working with and supporting 26,000+ customers across thousands of applications
Mobile

Enabling secure transactions

Technology innovator
Leadership positions in NFC and embedded Secure Elements (eSE).
First in the industry to offer the full scope of mobile wallet development with mWallet 2GO.
Industry-first solution that combines UWB fine ranging, NFC, Secure Element, and embedded SIM (eSIM).

Driving secure applications
Payment, transit, access, identification

Trusted partner across ecosystems
Mobile and wearable OEMs
Financial institutions
Governments
Public transit operators
Communication Infrastructure

Focused on 5G technologies

**Broad portfolio**
Scalable digital processing platforms
DC to mmW RF frequencies
1.8 mW to 1.8 kW RF output power

**Rich ecosystem**
In-house and third-party HW & SW solutions

**Technology differentiation**
Exceptional processing performance/watt
Network-optimized acceleration
Leadership RF process technologies
(GaN, LDMOS, SiGe, GaAs)

**Technology differentiation**
Corporate Overview

Major technology vectors for any smart device

NXP is uniquely positioned across all building blocks

Sense
Everything aware

Think
Everything smart

Connect
Everything connected

Act
Everything efficient

Everything safe & secure

## Corporate Overview

**NXP helps enable complete solutions**

### Sense
- Automotive radar and vision
- Face and gesture recognition
- Voice recognition
- Anomaly detection
- Motion, speed, pressure
- Broadcast reception

### Think
- **S32 Automotive Platform**
  - Scalable, secure, OTA, ASIL D
  - i.MX 6, 7, 8, 8M, 9
  - High-performance, 3D graphics
- **Layerscape™**
  - High-speed Ethernet, TSN
- **i.MX RT**
  - Highest performing MCUs
- **MCX, Kinetis™ and LPC**
  - Low cost to high integration

### Connect
- **5G**
- **Bluetooth**
- **DSRC (v2X)**
- **eSIM**
- **Matter**
- **MIFARE**
- **MiGLO**
- **NFC**
- **RAIN RFID**
- **Sigfox**
- **Thread**
- **Wi-Fi**
- **Zigbee**

### Act
- Power management
- Battery management/ charging
- High-speed interface
- In-vehicle networks
- High-performance analog
- General-purpose analog

---

**IoT secure elements**
- Embedded security

**Secure authenticators**
- Automotive security

**Secure auto networks**
- Automotive ASIL A to D
Corporate Overview

Positioned to deliver **full system solutions**

- **World-class connectivity portfolio**
- **Combined with unique MCU & MPU continuum**
- **Adding trusted safety & security solutions**
- **Maximize depth & reach of customer access**

**S32 Automotive Platform**
Scalable, secure, OTA, ASIL D

**i.MX 6, 7, 8, 8M, 9**
High-performance, 3D graphics

**Layerscape™**
High-speed Ethernet, TSN

**Communication Infrastructure**
NXP secure connectivity – a complete portfolio

UWB
Ultra-wideband

5G
Infrastructure

V2X
Vehicle-to-infrastructure
Vehicle-to-vehicle

Wi-Fi and Bluetooth

Miglo, Zigbee,
Thread, NFC, DSRC,
Mifare, Sigfox,
Rain RFID, Matter

Introducing secure, accurate UWB ranging technology for Automotive, Mobile, and the IoT

Comprehensive antenna-to-processor portfolio for deploying flexible 5G solutions

Global commercial rollout of V2X – brand new Volkswagen Golf 8 based on NXP technology

Extended portfolio offering full range of Wi-Fi 6/6E and Bluetooth/BLE combo solutions

Inventor, standard setter, volume supplier
Accelerating the road to vision zero

**Autonomy**
Zero road accident
94% of accidents from human error

**Electrification**
Zero emissions
Increasing global regulations

**Connectivity**
Zero time wasted
Intelligent transport systems, new opportunities for infotainment

#1 in ADAS & Radar
A leader in powertrain control solutions
#1 in Secure Car Access

Comprehensive system solutions with safety and security built in
Together, we accelerate the breakthroughs that advance our world.

Our Purpose
Bringing together bright minds to create breakthrough technologies that make the connected world better, safer and more secure.

Our People
The heart of NXP – our diverse and talented team members – drive the innovation that sets our company apart and fuels our success in the market.

Our Technology
We’re innovating advances in machine learning, automotive safety, connectivity, edge computing and more – all with a foundation of Total Quality.
Redefining smart mobility for the future

Comprehensive system solutions for safe automation, innovative vehicle interactions and the underlying secure infrastructure
Industrial & IoT

Industrial-strength security, connectivity and reliability

Advancing the next-gen of factory and building automation, energy, healthcare and transportation systems
Secure elements and end-to-end services

Intuitive and secure mobile solutions for daily digital life
Broad portfolio of RF components and processors

Powering the cloud-managed, 5G-connected world
